Three bridges

1: Academic Integrity and Research Integrity

2: Academic Integrity and Business Ethics

3: Academic Integrity and Citizen Science

A HOLISTIC PERSPECTIVE

The objectives

- the **checklists** and the **guidelines** for bridging academic integrity in research, business, and society;
- developing **educational materials** including **innovative gamified cases** based on the checklists and the guidelines representing real-life situations;
- developing open educational resources in the form of innovative customized **modules** based on gamified cases that can be adapted to different disciplines or subject areas, and can be the means of linking Academic Integrity in research, business, and society.
